

Getting Kids In Sync

WHAT THEY'RE SAYING...

- ★ "This workshop has really made a difference to me. **I now, for the first time, understand my son – and that is pure joy!**" (Parent of a child with LD)
- ★ "What did I like most about this workshop? **Everything!!** All was relevant to my work. Thank you. I am very excited about implementing some of the strategies." (Program officer – behaviour clinician)
- ★ "One of the best seminars I have been to. I have used Gen's CDs with great success. I love her enthusiasm and her ideas. The stories and videos made everything relevant." (Special needs pre-school teacher)
- ★ "Thank you for helping me connect with my child." (Parent of a child with PDD)
- ★ "Gen has an amazing energy – it was fantastic to hear her speak and sing!" (Occupational Therapist)
- ★ "I feel able to implement this information not just with the children with special needs but with ALL children." (Day Care specializing in Autism Spectrum Disorders)
- ★ "My attention and focus was maintained all day. I have never been so engrossed about listening to a speaker before. I have gained a great deal of food for thought." (Director of Child Care)

WHO SHOULD ATTEND?

- ★ Parents
- ★ Educators (regular and special education)
- ★ Caregivers
- ★ Pre-school Teachers
- ★ Child Care Workers
- ★ Occupational Therapists
- ★ Speech Pathologists
- ★ Physical Therapists
- ★ Physicians
- ★ Pediatricians
- ★ Other Professionals who work with children

COURSE DESCRIPTION

This presentation is designed for therapists, teachers, parents, caregivers and other professionals who are interested in understanding the fundamentals of sensory processing and its impact on attention, behaviour, social engagement, creative thinking, purpose driven play and learning.

Genevieve Jereb offers **practical and powerful tools** to help support children to "learn and thrive from the inside out." Participants will be able to add beneficial experiences to the sensory diets of the children they care for.

Respiration and its effects on behaviour, learning and attention will be presented along with practical tools to support the breath at home, in the classroom or in the social environment. Participants will be exposed to **a multitude of activities involving rhythm and movement** to implement immediately when leaving the workshop.

A **relationship based approach** to interacting with your children to support problem solving, motor planning, creative thinking, building bridges between ideas and social connectiveness will also be presented.

Ms. Jereb will address how sensory processing difficulties affect many children, both with and without the diagnoses of Autism Spectrum Disorders, Aspergers Syndrome, ADHD, ADD, learning challenges and other developmental and neurological challenges.

Sensory processing difficulties in children, both recognized and undetected, can significantly impact social and emotional relationships, behaviour, attention and learning in the classroom, home and clinic.

PLEASE NOTE:

- ★ **Conference registration includes lunch, beverages, snacks, and handouts**
- ★ Cancellations must be in writing and when received up to 21 days prior to the conference, refund will be given less a €25 handling fee.
- ★ Cancellations received between 2 and 20 days prior to the conference will be subject to a 50% reduction in refund.
- ★ No refund will be paid for cancellations less than 48 hours before the presentation.

Space is limited – Register online NOW at

GUEST SPEAKER:

Genevieve Jereb, OTR. is an Australian-born paediatric occupational therapist who presents on sensory processing disorders world wide. She has worked with leading USA clinicians and lecturers, collaborating with the well known international lecturers, Carol Stock Kranowitz, Patricia and Julia Wilbarger, Sheila Frick

and Colleen Hacker. During her ten years in the USA Genevieve was co-owner of the cutting edge treatment facility, Therapeutic Associates. With over 20,000 CDs sold, her released recordings, including *No Worries, Say G'day!, Cool Bananas, and Jumpin' Jellybeans* provide parents, professionals, caregivers and educators with fun and engaging, ready-to-use rhythmic songs and activities to support self regulation for the "out of sync" child.
